

### MEDICAL RELEASE

I hereby declare that I shall not hold Gerard Gregoire, North Port Youth Soccer, or any of its coaches or staff responsible for any accident / injury sustained by my child during any camp activities or events. In case of emergency, I hereby give permission to North Port Summer Soccer Madness Camp officials (during soccer camp) to admit my child to any doctor, hospital or other medical agency as determined by the Director. I further declare that I will not hold the medical facility or doctor liable for emergency treatment of my child and I will be responsible for payment of such services involved.

### PURPOSE

The aim of the North Port Summer Soccer Madness Camp is to, in an educational way, enhance the level of play of those participating. This will be done by not only presenting specific learning experiences and knowledge at the camp, but also teaching participants how to continue to train and develop while on their own.

### CAMP DIRECTOR

Coach Gerard Gregoire is the Director of Competitive Soccer for North Port F.C. and has been teaching camps for over 20 years, beginning while attending Catawba College in North Carolina, where he was a three time All-American. Gerard played professionally for seven years which included time with teams such as the Fort Lauderdale Strikers, Tampa Bay Rowdies, Dayton Dynamo, Buffalo Blizzard, Tampa Bay Terror and Carolina Vipers.

### UNIQUE INSTRUCTION

Featured will be Coerver's Moves, a revolutionary new and highly successful system developed by famous Dutch coach, Weil Coerver. This system will markedly enhance touch, dexterity and fluidity with the ball. It will improve the players ability to beat opponents and possess the ball. Coerver's system will also improve the players accuracy and pace of passes and precision of his first touch on receiving balls. Other technical training will be taught according to individual needs. Shooting will be concentrated on and all other technical areas will be covered. Tactical training will be detailed. Individual and group offensive and defensive tactics will be presented and practiced for 1v1, 2v2, 3v3, 6v6 and 11v11 if numbers allow.
